

Table S1. *Correlations among sexual attractiveness variables*

Variables	1	2	3	4	5	6	7	8	9
1.Furry identity	-								
2.Zoophile Identity	<i>.318**</i>	-							
3.Dog sexual attractiveness	<i>.312**</i>	<b>.579**</b>	-						
4.Cat sexual attractiveness	.069*	.026	<i>.364*</i> *	-					
5.Fowl sexual attractiveness	.057*	-.040	<i>.221**</i>	<i>.470**</i>	-				
6. Cow sexual attractiveness	<i>.169**</i>	<i>.309**</i>	<i>.473*</i> *	<i>.276**</i>	<i>.378*</i> *	-			
7.Horse sexual attractiveness	<i>.279**</i>	<b>.552**</b>	<b>.628**</b>	<i>.213**</i>	<i>.213**</i>	<b>.605**</b>	-		
8. Pig sexual attractiveness	.046	<i>.244**</i>	<i>.451*</i> *	<i>.273**</i>	<i>.315**</i>	<b>.688**</b>	<i>.456*</i> *	-	
9. Sheep sexual attractiveness	<i>.164**</i>	<i>.269**</i>	<i>.486*</i> *	<i>.368**</i>	<b>.501**</b>	<b>.694**</b>	<i>.566*</i> *	<b>.633**</b>	-

Note: \*\*  $p < .01$ , \*  $p < .05$ . Large correlations in bold font, medium correlations in italics, small or subthreshold effects in standard font.

Table S2. *Correlations among cuteness variables*

Variables	1	2	3	4	5	6	7	8	9
1.Furry identity	-								
2.Zoophile Identity	.318**	-							
3.Dog cuteness	.122**	.014	-						
4.Cat cuteness	.131**	.015	<b>.584**</b>	-					
5.Fowl cuteness	.024	-.214**	.414*	.467**	-				
6. Cow cuteness	.134**	.084**	.429*	.466**	<b>.564**</b>	-			
7.Horse cuteness	.123**	.145**	.451*	.398**	.446*	<b>.599**</b>	-		
8. Pig cuteness	.060*	.067*	.460*	.415**	<b>.587**</b>	<b>.630**</b>	.481*	-	
9. Sheep cuteness	.136**	.064*	.495*	.496**	<b>.664**</b>	<b>.682**</b>	<b>.614*</b>	<b>.713**</b>	-

Note: \*\* p < .01, \* p < .05

Table S3. *Correlations among romantic attractiveness variables*

Variables	1	2	3	4	5	6	7	8	9
1.Furry identity	-								
2.Zoophile Identity	<i>.318**</i>	-							
3.Dog romantic attractiveness	<i>.279**</i>	<i>.423**</i>	-						
4.Cat romantic attractiveness	<i>.097**</i>	<i>.070*</i>	<b>.509**</b>	-					
5.Fowl romantic attractiveness	<i>-.097**</i>	<i>-.291**</i>	<i>.132**</i>	<i>.466**</i>	-				
6. Cow romantic attractiveness	<i>.153**</i>	<i>.200**</i>	<i>.492*</i>	<i>.414**</i>	<i>.378*</i>	-			
7.Horse romantic attractiveness	<i>.245**</i>	<i>.393**</i>	<b>.625**</b>	<i>.367**</i>	<i>.150**</i>	<b>.595**</b>	-		
8. Pig romantic attractiveness	<i>.047</i>	<i>.155**</i>	<i>.461*</i>	<i>.375**</i>	<i>.346*</i>	<b>.605**</b>	<i>.440*</i>	-	
9. Sheep romantic attractiveness	<i>.121**</i>	<i>.154**</i>	<b>.525**</b>	<b>.533**</b>	<i>.467*</i>	<b>.709**</b>	<b>.573*</b>	<b>.667**</b>	-

Note: \*\*  $p < .01$ , \*  $p < .05$ . Large correlations in bold font, medium correlations in italics, small or subthreshold effects in standard font.

Table S4. *Mean and SD of SIA-SR Items*

<b>Item</b>	<b>Mean</b>	<b>SD</b>
1. I am excited by the thought of having sexual contact with animals	5.23	2.42
2. I like my human sexual partners to act like an animal, for instance, through pet play, pony play, ponyism, or pup-play.	2.81	2.04
3. I like to act like an animal during sexual intercourse or foreplay with humans	2.83	2.09
4. I keep a pet for romantic companionship	3.05	2.21
5. I allow the animal to show consent to sexual intercourse (R)	1.55	1.12
6. I would not harm an animal during sexual intercourse (R)	1.29	1.04
7. I feel romantic love for my pet, but I would never have sex with them	4.78	2.49
8. I fantasize about sexual acts with animals	5.18	2.41
9. I masturbate while thinking about animals	4.73	2.41
10. I masturbate while animals are present to heighten sexual arousal	3.26	2.20
11. I masturbate while watching animals copulate	3.93	2.42
12. I masturbate while watching pornography featuring animal-human sexual contact	5.14	2.43
13. I watch pornography featuring animal-human sexual contact	5.19	2.42
14. I have dreams involving sexual acts with animals	4.40	2.43
15. I fantasize about sexual acts with animals, but I would never have sex with an animal (R)	5.80	1.64
16. I'm sexually excited by touching the genital and anal regions of animals	4.73	2.44
17. I rub my genitals on animals for sexual to heighten sexual excitement	3.12	2.18
18. I get sexually excited by objects that remind me of animals (e.g., furs, animal teeth, reptile skin)	2.24	1.80
19. I get sexually excited by animals in pain	1.12	0.66
20. I inflict pain on animals to receive sexual to heighten sexual excitement	1.07	0.50
21. I would have sex with a human if they were available	5.09	2.48
22. I prefer to have sex with humans (R)	4.54	2.07
23. I wouldn't turn down the opportunity to have sex with an animal	5.47	1.82
24. I have no romantic interest in animals but I would still have sex with them (R)	5.03	2.14
25. I prefer to have sex with animals rather than humans	3.52	2.21
26. I love animals romantically	3.93	2.40
27. I get "crushes" on animals	3.78	2.41
28. I prefer to have sex with dead animals	1.09	0.53

35. I get sexually excited by media (e.g., drawings, videos, gifs) of anthropomorphized animals	4.48	2.41
36. I get sexually excited from wearing a fursuit	2.33	1.85
37. I get sexually excited from sexualized contact with others wearing fursuits (yiffing)	2.79	2.18
